

A salesman recorded the distances, in miles, he travelled from London to the places he visited in June on the stem and leaf diagram below.

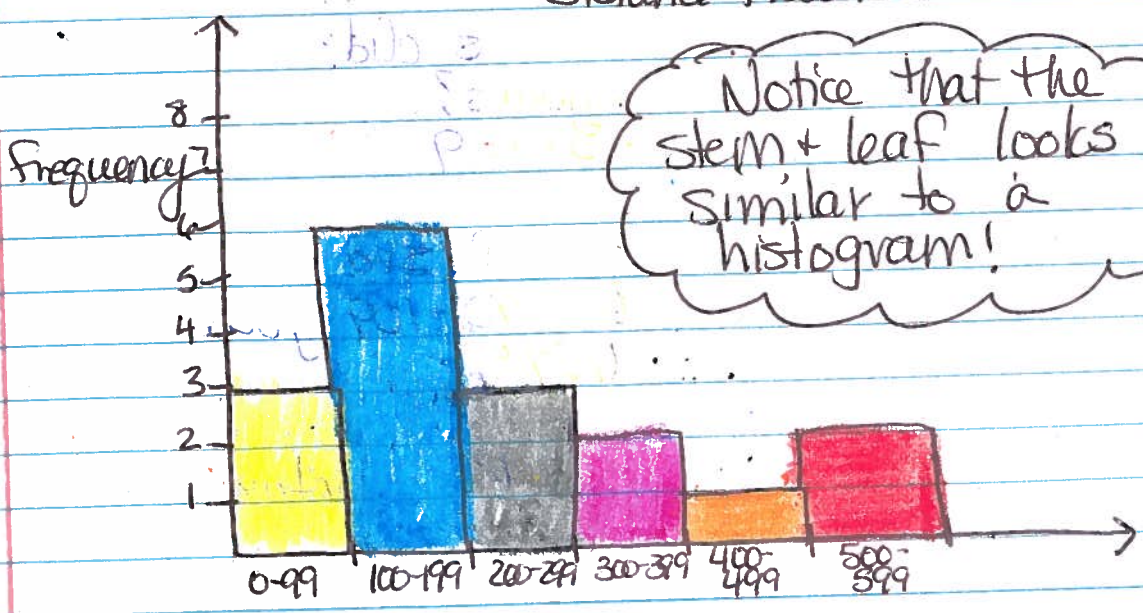

stem →

This means
 27, 66, 97, 128, 151, 174, 184, 191, 193, 204, 226,
 265, 305, 397, 482, 517, 560

Range = $560 - 27 = 533$

Miles Travelled	Tally	Frequency
0-99		3
100-199		6
200-299		3
300-399		2
400-499		1
500-599		2

Distance Travelled

Notice that the stem + leaf looks similar to a histogram!
